

Lab: Stakeholder Model Construction

Objectives

Learning Goal: Build detailed models of key stakeholders — competitors, customers, and regulators.

Part 1: Key Competitor Deep Dive (15 min)

Dimension	Your Best Assessment	Evidence	Confidence (H/M/L)
Capabilities			
Intentions (3-year)			
Key assumptions about the market			
Blind spots			
Most likely next move			

Write your response here

Part 2: Customer Model (10 min)

Customer Dimension	Your Model	Evidence	Gap (what don't we know?)
Primary needs			
Decision process			
Key uncertainties in their mind			
Alternatives they consider			
What would make them switch			

Write your response here

Part 3: Recursive Analysis (10 min)

Question	Assessment
What does our competitor believe about us?	
Is their model of us accurate?	
What would they be surprised to learn?	
What advantage do we gain from their misperception?	

Write your response here

Part 4: Strategic Implications (15 min)

Insight Source	Key Insight	Strategic Implication	Action
Competitor blind spot			
Customer model gap			
Recursive analysis			

Write your response here

Summary

Finding	Detail
