

Course — Module 07 — Think About It

1. What is "The Weakest Link"? (The part of the system most likely to break).
2. Why do wolves hunt in packs? (To catch bigger prey).
3. What is a "Ball Hog"? (An agent who refuses to share).
4. How do bees tell each other where flowers are? (The Waggle Dance).
5. Why do we high-five? (Physical connection reinforces the bond).
6. Can a team win if they hate each other? (It is very hard).
7. What does "There is no 'I' in Team" mean? (The group goal > individual goal).
8. How do synchronized swimmers stay together underwater? (Rhythm and counting).
9. Why do Quarterbacks use code words? (Encrypted communication).
10. If you fell backward, would you trust your friend to catch you?
