

Lab: Competitive Ecosystem Mapping

Objectives

Learning Goal: Map and analyze the competitive ecosystem for your organization or a chosen industry.

Part 1: Ecosystem Agent Inventory (10 min)

Agent Type	Specific Agents	Relationship to Your Org	Influence Level (H/M/L)
Direct competitors			
Indirect competitors / substitutes			
Customers (segments)			
Suppliers			
Regulators			
Complementors / partners			
Potential entrants			

Write your response here

Part 2: Five Forces Assessment (15 min)

Force	Intensity (1-5)	Key Drivers	Trend (↑/↓/→)
Competitive rivalry			
Threat of entry			
Supplier power			
Buyer power			
Threat of substitutes			

Write your response here

Part 3: Ecosystem Dynamics (10 min)

Dynamic	Present?	Evidence	Strategic Implication
Network effects	Y/N		
Platform dynamics	Y/N		
Winner-take-most tendency	Y/N		
Regulatory disruption potential	Y/N		
Technology disruption potential	Y/N		

Write your response here

Part 4: Strategic Implications (15 min)

Based on your analysis:

Question	Your Assessment
Which force shapes your strategy most?	
Where is the ecosystem changing fastest?	
What boundary management change would improve your position?	
What ecosystem relationship should you invest in?	

Write your response here

Summary

Finding	Detail
Strongest competitive force	
Most significant ecosystem dynamic	
Biggest strategic opportunity	
Priority action
