

Practice Quiz: Communication

Part A: Pick the Best Answer

1. What is Communication? A) Eating lunch alone B) Sleeping C) Sharing information with others D) Being invisible

Answer: C! Great job! Communication is how we send a message from our brain to someone else's brain.

2. How did Andy the Ant ask for help? A) He yelled "HELP!" B) He used a special smell trail C) He sent a text message D) He danced

Answer: B! That's right! Andy left a scent trail that told the other ants "Yummy food this way!"

3. Why do we communicate? A) To confuse people B) To share our maps and work together C) To make noise D) To hide

Answer: B! Exactly! When we share what we know, we help each other and can do bigger things together.

4. Which one is a way to communicate? A) Pointing a finger B) Writing a letter C) Talking D) All of the above!

Answer: D! You got it! Pointing, writing, and talking are ALL ways to send messages to other people.

5. If you tell your friend "Watch out for the puddle!", what are you doing? A) Updating their map so they don't get wet B) Being mean C) Singing a song D) Predicting rain

Answer: A! Nice work! You are sharing what you know so your friend can avoid the puddle. That is communication helping the team!

6. Can animals communicate? A) Yes, many ways (barks, smells, dances) B) No, only humans talk C) Only cats D) Only on Tuesdays

Answer: A! That's right! Dogs bark, bees dance, and ants use smells. Animals have many cool ways to share information.

7. What happens when we work together (like the ants)? A) We get weaker B) We can do big things we couldn't do alone C) We get hungry D) We get lost

Answer: B! Exactly! Andy could not carry the strawberry alone, but ten ants working together could carry it easily.

8. What is the strawberry too big for Andy to do alone? A) Eat B) Carry C) See D) Count

Answer: B! That's right! The strawberry was too big for one little ant to carry, so Andy needed to communicate with his friends for help.

9. When you point at something, what are you doing? A) Exercising your finger B) Showing someone else where to look C) Being rude D) Nothing at all

Answer: B! Good thinking! Pointing is a way of communicating without words. You are sharing your map with someone else.

10. What makes Andy and his ant friends a "Super Agent"? A) They wear capes B) They communicate and work together as a team C) They are really big D) They can fly

Answer: B! Awesome! When agents communicate and help each other, they become much stronger than any one agent alone.

Part B: Tell Us What You Think

1. If you couldn't talk for a whole day, how would you ask for a glass of water? (Show me!)
2. Draw a picture of two friends talking. What are they saying?
3. Why is it important to listen when someone is communicating to you?
4. Can you think of an animal that communicates in a surprising way? What does it do?
5. If Andy the Ant could not leave a smell trail, what other way could he tell the other ants about the strawberry?
