

Lab: The Routine Chart

Goal

To visualize the Bedtime Algorithm.

What You Need

- Paper or Cardboard.
- Markers/Crayons.
- Stickers (optional).

Steps

1. Identify the Steps

Talk about what you do every night.

1. Bath/Wash Face.
2. Brush Teeth.
3. Pajamas.
4. Read Book.
5. Hugs & Lights Out.

2. Draw the Icons

Draw a little picture for each step.

- Toothbrush.
- Book.
- Moon.

3. Make the Checklist

Put them in a row or list. Draw a box next to each one.

4. The Beta Test

Tonight, use the chart! When you finish a step, put a checkmark (or sticker) in the box.

"Algorithm Complete."

Discussion

- Did checking the boxes feel good? (Dopamine!).
- Did you forget anything?
- Now your brain knows exactly when sleep is coming.

What We Learned

Planning is just making a map for your future self.
