

Practice Quiz: Captain Brain

Part A: Pick the Best Answer

1. Who is the Agent? A) The Chair B) The Rock C) YOU (The Brain/Body Team) D) The Water

Answer: C! Great job! YOU are the agent because you can sense, think, and make choices.

2. Where does Captain Brain live? A) In your foot B) In your head C) In your pocket D) On the moon

Answer: B! That's right! Your brain lives in the tall tower at the top of your body -- your head!

3. What is a Goal? A) Something you want to do or get B) A kind of fish C) Falling down D) Sleeping forever

Answer: A! Nice work! A goal is what you are trying to do, like finding food, making a friend, or learning something new.

4. If Captain Brain sees a yummy apple, what does she say? A) "Run away!" B) "Reach out and grab it!" C) "Close your eyes!" D) "Sing a song!"

Answer: B! Exactly! Captain Brain gives orders to the body crew: "Legs, walk! Arms, reach!" And you get the apple.

5. What are your "Spyglasses"? A) Your elbows B) Your hair C) Your senses (Eyes, Ears, Nose) D) Your shoes

Answer: C! You got it! Your senses are like spyglasses that help Captain Brain see what is happening in the world.

6. Who drives the Body Ship? A) The Wind B) Captain Brain C) A Ghost D) Nobody

Answer: B! That's right! Captain Brain is the one steering the ship, telling your body where to go and what to do.

7. Can a robot be an agent? A) Yes, if it has a computer brain and a goal B) No, never C) Only if it eats pizza D) Only on Fridays

Answer: A! Smart thinking! A robot with a computer brain and a goal can sense and act, just like you.

8. What does Captain Brain need BOTH of to sail safely? A) Pizza and cookies B) Perception (seeing the world) and Action (moving the body) C) Two hats D) Rain and snow

Answer: B! Exactly! Captain Brain needs the spyglass (senses) to see what is out there AND the steering wheel (muscles) to move the body.

9. What would happen if the Body Ship had no Captain Brain? A) It would sail perfectly B) It would just float around in circles with no direction C) It would fly to space D) It would turn into a submarine

Answer: B! That's right! Without a captain to give orders, the ship has no one to make choices or set a course.

10. In "Simon Says," who is the Captain Brain? A) The person giving orders B) The floor C) The ceiling D) Nobody

Answer: A! You got it! The person saying "Captain says... touch your toes!" is acting like the brain, sending orders to the body.

Part B: Tell Us What You Think

1. Imagine you are Captain Brain. Draw yourself steering the ship!
2. If your goal is to "Make a Friend," what actions should your body do? (Smile? Wave?)
3. Why is it good to have a brain?
4. Captain Brain uses a spyglass (eyes) to see the world. If your spyglass was foggy (like when you wake up), would it be harder to reach your goals? Why?

5. If Captain Brain could give your body one superpower, what would it be? (Super speed?
Super hearing?)
