

Lab: The Telephone Game

Goal

See how hard it is to pass a message perfectly!

What You Need

- A group of friends or family (at least 3 people)
- A secret sentence

Steps

1. The Secret Message

One person (The Starter) thinks of a silly sentence. Example: "The purple monkey eats pizza on the moon."

2. The Whisper

The Starter whispers the message into the ear of the next person. **Rule:** You can only whisper it ONCE! No repeating!

3. Pass it On

The second person whispers what they *heard* to the third person. And so on... until the last person.

4. The Reveal

The last person says the message out loud. Was it right? Or did it change? "The purple monkey eats pizza" might become "The turtle monkey heats feet."

What We Learned

Question	My Answer
Is listening hard?	
Why did the message change?	(Maybe noise? Bad prediction?)
