

Lab: The Silent Actor

Goal

To send complex messages using only your Body and Face (No words allowed!).

What You Need

- Paper slips with words to act out.
- A timer.

Steps

1. Write the Clues

Write down 5 things on paper slips:

- Monkey
- Sleeping
- Playing Soccer
- Eating Spaghetti
- Brushing Teeth

2. The Acting Game (Charades)

Pick a slip. Set the timer for 1 minute. Act it out!

- Use your hands!
- Use your face!
- Move your body!
- **NO SOUNDS!**

3. The Guess

Can your friends guess the message before the timer runs out?

My Acting Log

My Word	Did they guess it?	Hard or Easy?
Monkey	Yes	Easy (Act like a monkey!)
Spaghetti	No	Hard (They thought I was knitting!)

What We Learned

We rely on words a lot, but our bodies can say a whole story if we try! Effective signals help people understand us.
