

Lab: Agent Counter

Goal

To use your Agent skills to count everything in your "Environment" (Room).

What You Need

- A notebook ("Detective Log").
- A pencil.

Steps

1. The Mission

You are an Agent Detective. You need to know HOW MANY things are in your base.

2. The Hunt

Find and count these items:

- **Lights:** _____
- **Doors:** _____
- **Shoes:** _____
- **Pillows:** _____

3. The Challenge

Find something there is only **ONE** of. (Maybe a bed? A TV?) Find something there are **MORE THAN 10** of. (Books? Legos?)

My Detective Log

Item Name	Count
Example: Cats	2
Shoes	
Windows	

What We Learned

Counting turns the world into numbers. This helps us describe our environment exactly!
